

Coverys Custom Accounts

Sophisticated Insurance & Reinsurance¹

You benefit from a variety of options that combine large account program creativity, flexibility, and solutions to effect measurable change in outcomes and margins.

Coverys Custom Accounts services include:

- Excess capacity over admitted and alternative risk financing structures
- Reinsurance capacity supporting healthcare liability captive insurance companies and risk retention groups
- Creative program design for healthcare systems, community hospitals and large complex physician groups
- Risk sharing programs utilizing a Coverys-sponsored segregated portfolio company
- Evaluation of loss portfolio transfers and other risk assumption mechanisms
- Insurance program delivery with enhanced risk management and education services

Reduce Distractions – Mitigate Risk – Improve Outcomes

Hospitals and large healthcare organizations face an escalating array of challenges—and increased risk. Coverys has the financial strength, structure, and experience to help with custom insurance solutions that meet the unique needs of your organization.

You can count on us to make it easier for you to secure protection, leading-edge services, education, and resources to help keep you and your organization on track. That’s because everything we do at Coverys is designed to reduce distractions.

Flexible Risk Management Services & Education²

In close collaboration with your in-house claims, risk management, and third-party administrators, we can tailor a risk management program for your organization.

Your program will vary by practice or organization size and type. Options may include some or all of the following:

Resources

- Customized consultative services depending on your needs and scope of your program
- Medical practice leadership assessment
- Personal assistance through our Risk Management Helpline answered by skilled staff with over 20 years' experience on average
- Timely and relevant newsletters and publications
- Emotional Support Program to assist physicians when a claim or adverse event occurs

Education

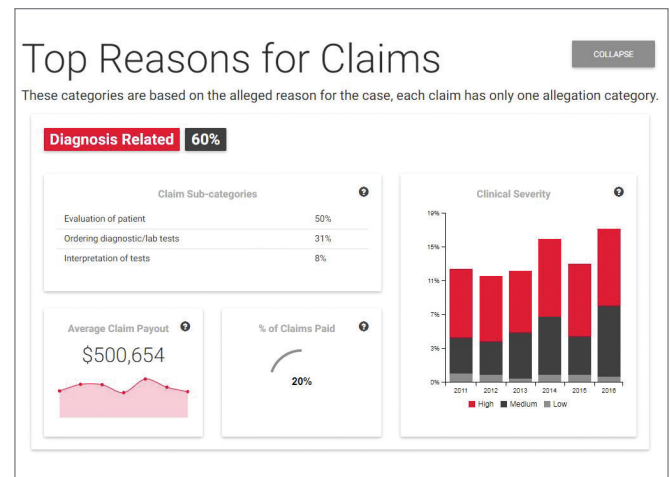

- Customized On-site Programs developed for unique needs
- Webinars, online, and live educational programs
- Award-winning suite of online healthcare risk management courses provided by Coverys' premiere education partner.
- Quality and Performance Improvement—clinical education resources available through Med-IQ®, a Coverys company
- Risk Management Development series—a comprehensive program of core risk management principles in a hands-on, virtual classroom environment
- Obstetric-specific courses—for physicians and advanced practice providers

Staff can earn continuing education credit by completing courses from a wide array of options.

Advanced Data Analytics

To uncover the root causes of risk, our business analytics department conducts sophisticated and ongoing analysis of company-wide claims data. This data is used to develop actionable insights for targeted risk assessments and education programs.
